# 1 Introduction

## 1.1 Overview

### Program overview

**ABF Internet Explorer Tools** is a set of very useful plug-ins for the popular **MS Internet Explorer** browser. The software contains a tool bar, page browser, magnifier bar, and a set of additional commands, such as: refresh ignore cache, block popup window, and so on. This product is designed to help you to access any information from the World Wide Web easily. **ABF Internet Explorer Tools** is interesting for any kind of users: common users will be happy to **block annoying popup** windows or refresh any web page ignoring browser cache; people with poor eyesight will find an integrated **magnifier** very helpful; professionals will be able to refresh page or images by one click, save all images at once to some folder on disk, or get an **extended information** about each loaded page.

## 1.2 How to install and uninstall

### How to install

- If you have got the self-extracting installation package named **abfIEToolsInstall.exe** - just run it and follow the setup instructions.
- If you have got the compressed archive file named like **abfIET.zip** - unpack it to the temporary folder, run the **abfIEToolsInstall.exe** file and follow the setup instructions.

### How to uninstall

We really hope, you will never do it :)

1. Choose **Settings/Control Panel** from the **Start** menu.
2. Open **Add/Remove Programs** applet.
3. Select **ABF Internet Explorer Tools** item and click **Add/Remove** button.

## 1.3 How to register

### Why the program should be registered?

**ABF Internet Explorer Tools** is distributed on a **Try Before You Buy** (shareware) basis. The evaluation (trial) version will only work for **15** days after the first install. If you like this program and decide to keep it, you will need to purchase a registration key. All functions will be available and limitations will be removed as soon as you register your copy of **ABF Internet Explorer Tools**.

### How to register?

At first, you should obtain the registration key. You can purchase the registration key on-line either by credit card, bank transfer or check. Ordering by Phone, FAX, and postal mail are also available. Please visit the registration page ([www.abf-soft.com/internet-explorer-tools.shtml](http://www.abf-soft.com/internet-explorer-tools.shtml)) and purchase the program. It costs only **\$29.95** for the single license. There are some sale propositions for multi-licenses.

**Note:** The price can be changed in future.

After purchasing you will receive an e-mail with registration key and instructions. You can enter registration key in two ways:

**1 way:** The registration e-mail has a **reg.key** file in the attachment. Run this file (simply click on the attachment icon in Outlook/Outlook Express) it will add the registration data directly into the system registry.

**2 way:** Click on the **Register** item in the toolbar menu or **Register** button in the **About** dialog. A key input form will appear ([Figure 2](#)).

**Figure 2:** Registration key input form .

The registration key is a long sequence of different chars, so don't try to type it manually. Use the clipboard to copy (**Ctrl+C**) and paste (**Ctrl+V**) the key. Press **OK** button.

At last, restart **Internet Explorer**. If all steps are done right, the registration information should appear in the **About** dialog ([Figure 3](#)).
